Contemporary Topics in Human Resource Management

Human resources (HR) professionals are facing more challenges than at any other time in history. A global health crisis, layoffs, mental health crises, social unrest and an economic downturn are just a few of the key issues keeping HR professionals up at night. Unfortunately, it appears that this disruptive period of workplace change will continue throughout 2021. This means organizations must carefully consider the implications of the top five HR challenges of 2021 as they begin prototyping new workforce models.
